NORTH HARROW Area Parking Review
(Somerset Road, Cornwall Road, Sussex Road (part))

LEGAL NOTIFICATION PARKING CONTROL SCHEME

IMPORTANT – THIS AFFECTS YOU – PLEASE READ
What is this about?

An informal public consultation for the localised North Harrow area parking review was undertaken during December 2015 and early January 2016 to determine the current parking issues in the Somerset Road area in North Harrow.

Public consultation documents were hand delivered to 157 properties within the consultation area. The consultation was also made available on the Harrow Council public website.

Of the 157 properties consulted 85 responses were received from 80 households by questionnaire, letter or email. This represented an overall response rate of 51%, this is considered to be an extremely good response rate for this type of consultation. Of the 85 responses 75 responded that the council should “introduce a parking control scheme to improve the situation”. 74 respondents agreed that if a scheme goes ahead then the hours of control should be the same as in the adjacent North Harrow CPZ NH1, namely: Monday to Friday 10.00am to 11.00am and 2.00pm to 3.00pm.

The results of the informal public consultation were presented to the Traffic and Road Safety Advisory Panel (TARSAP) on 11th February 2016. TARSAP were asked to approve the recommendations made in the report and to move forward to the next step which is the formal legal notification. The recommendations were based on the responses from residents and businesses during the consultation. TARSAP agreed to the recommendations presented and these have now been approved by the Portfolio Holder (PH) for Environment, Crime and Community Safety.

The PH agreed that legal notification on this scheme can proceed and that the following roads and measures be considered. A legal notification is the legal process that the council is required to undertake before any changes can be made to any waiting or loading restrictions, or designated parking bays on the public highway. The proposed scheme is set out in the enclosed plan and detailed below as follows:

1. Introduce parking controls / permit bays operating Monday to Friday 10.00am to 11.00am and 2.00pm to 3.00pm in Sussex Road (between Surrey Road and Pinner View); Cornwall Road and Somerset Road.

2. Introduce throughout the consultation area “at any time” waiting restrictions (double yellow lines) at junctions, in turning heads, along narrow sections of carriageway, communal access points and at bends in accordance with guidance from the Highway Code and computer simulation of vehicle swept paths.

The recommendations, TARSAP report, survey results and the approved minutes of the meeting can be viewed on the Harrow Council website at - http://tinyurl.com/gwj2sfd The link will need to be entered into your web browser. If you do not have personal access to the internet the council public libraries do have internet access that residents may use. Alternatively hard copies can be provided on request.

What happens next?

As mentioned earlier this is the legal notification stage, which is a legal requirement that the council needs to undertake prior to making a Traffic Management Order and implementing the proposals. The plans have been developed taking into account, where practical, all the comments we received during the previous consultation stages.
This is your opportunity to review the plans in private and make any final comments that you have about the proposal. It will not be possible to add to or increase the extent of the restrictions, as the scheme has been developed using previous resident and business comments. However, minor changes that reduce the scale of the proposals where they do not impact on safety for the wider community may still be possible. Alternatively the changes could be abandoned.

We will advertise the Traffic Management Order by placing notices on street lamp columns and in a local paper on or about 30th June 2016 which will also explain where the plans can be seen. This would give anyone a chance to comment or place a formal objection if they wish to do so by 20th July 2016.

A copy of the Notice of the Proposals and Plans can also be viewed from 30th June 2016 on the council website at: www.harrow.gov.uk/trafficorders If there is a significant number of objections to what is proposed which demonstrates a consensus around an alternative suggestion or changes, then, if the objections are upheld it may be necessary to give all the affected properties in any such area the opportunity to comment on these changes. This will result in a delay in the scheme being implemented in these areas until there is a clear indication that the affected properties agree to the alterations.

The results and any formal objections will be discussed and agreed with the local ward councillors, Chair of TARSAP and subsequently the PH for a decision to proceed to implementation on the agreed measures. Once approval to proceed has been obtained from the PH the scheme will be given to our contractors to implement and all residents will be informed of the outcome.

Making a formal statutory objection

Under the legislation which controls the legal notification process anyone can make a comment or formal statutory objection to the proposals. However the statutory objection needs to be made in writing (email is acceptable) including the word object or objection (to distinguish it clearly from comments) and the reason for the basis of the objection with your name and address. A response is only required if you wish to raise a formal objection. The law sets out a strict timetable for considering formal objections.

Written objections to the scheme proposals should be sent to:

Service Manager -Traffic, Highway and Asset Management
Harrow Council
PO Box 39
Civic Centre
Harrow
HA1 2XA

or by email to: transportation@harrow.gov.uk

Quoting ref DP 2016-10 and making sure it is received by 20th July 2016.

More information

If you have any further questions, or wish to comment, please contact the project engineer:

Bruce Bolton Tel: 01372 756016 Email: transportation@harrow.gov.uk

or write to Service Manager
Traffic, Highway and Asset Management
Harrow Council
PO Box 39
Civic Centre, Harrow HA1 2XA
Runs 30th June to 20th July
